

Co-Creator Group for Sustainability PBC

COMMITTED TO IMPROVING THE QUALITY OF LIFE FOR OTHERS

Where Regenerative Technology Meets Human Potential

We design, develop, and deploy the innovations the world needs — guided by the principle that lasting change must serve people and planet equally.

Our Purpose

Co-Creator Group for Sustainability PBC is a Delaware Public Benefit Corporation organized to pursue a triple mission: technology that regenerates natural systems, enterprises that elevate human dignity, and capital structures that permanently return ownership to the people doing the work.

All technologies and systems developed by Co-Creator Group were conceived and invented by our founder over nearly four decades of research, design, and development. Our work and people are grounded in the Stoic philosophical tradition — disciplined, principled, and deeply committed to outcomes that endure.

- Permanent Employee Ownership Trust — 30% of the company belongs to the people who build it, forever
 - All development benchmarked against the UN Sustainable Development Goals
 - Stoic philosophy as a living company culture — practiced daily, not merely stated
 - Profit-sharing structures that reward patient, mission-aligned capital
-

Technologies & Systems

Each technology conceived and developed by our founder. Each proprietary. Each designed to solve a problem conventional approaches have failed to solve.

Clean Energy Generation — More Natural Energy

Closed-loop proprietary system. No fuel. No emissions. Baseload power at community to utility scale.

Advanced Construction — Next Step Materials

Geopolymer cement. Stronger, more durable, dramatically lower in embodied carbon. Five formulations for every application.

Marine Propulsion — Clean Electric Marine Services

Zero emissions. Net power-positive. Unlimited range for commercial and personal vessels. No fuel cost.

Community Development — Co-Creator Development

Integrated regenerative communities with clean energy, education, and employee co-ownership housing.

Community Capital — 21 Thresholds · Builder's Circle · Regenerative Treasury

\$111 to institutional. Same mission. Same profit pool.

Our Work & People

A permanent, irrevocable Employee Ownership Trust holds 30% of the company. Every position at or above competitive market rates. Human Flourishing — not Human Resources.

“Nobody quietly quits something they actually own. Nobody quietly falls behind in a structure built for their flourishing.” — The Stoic Compact, Piece Twelve
